I'm going to be generous with this. Its nice to see 45 paint schemes for the drivers (especially Jimme Johnson), but being honest, I was under the guise that in those 45 paint schemes there would be a few for your own custom driver, which there isn't. If you're American, enjoy the 50 state flags. Canadian or from somewhere else, Better touch up on your American geography! Is this worth \$10, not at all, get it on sale. Don't blow your hard earned birthday money. As I said before, I'm going to give it a thumbs up, as the content is nice, but overpriced and slightly misleading.
